

Sue Creamer – Technical Sales Manager (Inside)

New Market, MD

Sue has over **23 years** of experience with SSI, and has participated in numerous technical courses, including: Load development classes, Construction basics, Dale Carnegie, CADD classes, Trus Joist and Xpert Drafting schools, iLevel Javelin School, and Mitek design school. As the Inside Sales Manager, she is responsible for

training of other Sales people in our company. Prior to her affiliation with SSI, she was a Sales Manager for Valley View Farms, and a Salesperson and Designer for Capital Kitchens. Sue earned Trus Joist Top Gun Designer Awards in 2001 and 2004. While at Structural Systems she has had a chance to work with Architects and Engineers on many unique projects, including Camp David, The Chesapeake Bay Foundation Headquarters and the GSA. **Favorite aspect of working for SSI?** The company gives her the ability to offer customers the best service and products available. When not working at SSI she enjoys gardening and hiking, and has a farm to manage with horses and crops. She is the Vice President and Horticulture chair for the New Market Garden Club, and is the Horticulture Chair for District V Garden Club of Maryland/Federated Garden Club of America. Her specialties include a wide range of mainstream and innovative product lines, including SIPS, light gauge steel trusses, commercial I-Joists, and heavy timber.
