

Tommy Reed – Technical Sales
Upper Marlboro, MD

Tommy has been with SSI for over **18 years**, and has over 20 years of practical field experience all contributing to the excellence with which he serves his clients. He has participated in many training activities over the years including Dale Carnegie, Trus Joist courses, and Mitek courses. Prior to working for SSI, Tommy was a wall panel Plant Manager, and owned a carpentry construction company. **Favorite aspect of working for SSI?** Company philosophy promoting a work environment for success and growth for employees, and the advancement availability for self-motivated employees. In his spare time Tommy enjoys boating, fishing and golfing. Tommy specializes in all components, including lumber, windows and doors for single and multi family homes and condominiums, offering straight products for sale or contract materials packages. He services Northern Virginia, and Maryland from Southern Maryland to Baltimore to Hagerstown.
